1-Bay SATA NAS Server

Need more reliable storage for your PC or laptop without implementing any hardware installation to your PC? The PLANET NAS-7103 offers you the above benefit. With a SATA II HDD bay, the NAS-7103 helps you to expand data storage easily by simply plug and play. Users can easily set up a system for all sorts of storage applications by using the user-friendly web-based interface.

As a compact, economical and easy to use network storage server, the NAS-7103 fits SOHO and Home user requirements of storage. It functions as a File and FTP server helping LAN users to easily backup data or share files through LAN and WAN. The embedded Bit-Torrent client feature brings you the most convenience to download shared resources from Internet. The FTP server is compatible with Unicode so the multilingual file names can be identified by this device.

Furthermore, the NAS-7103 supports advanced user management functions such as private HDD space and login account. It not only shares HDD space, but also performs as a management device to manage each user on the network. With the NAS-7103, you will get a simple yet effective way to expand data storage of your own, no matter for your network at home or office.
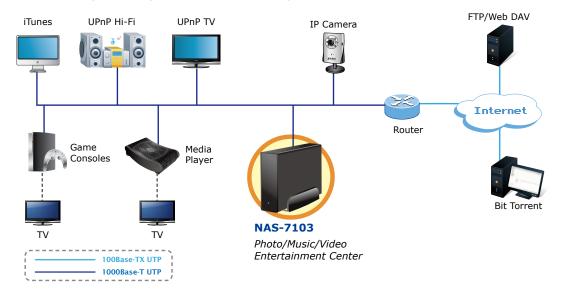

KEY FEATURES

- The Administrator can Limit the Amount of Available Disk Space to Individual Users

- 1 Standard USB 2.0 Port for External USB HDD

- Supports Windows Utility and Web Based Management

- Shares Music, Pictures, Movies and Data over Network

- Supports BT Download

- DLNA compatible

- Interface: 10/100/1000Base-TX (Auto MDI/MDI-X), supports auto crossover detection

- Supports most popular OS including Windows 7 / XP / Vista, MAC 10.5 and later

APPLICATIONS

Home / SOHO Network Storage

The NAS-7103 provides connectivity to your existing network without requiring extra client access licenses fees, upgrading or replacing servers. It can be applied to a mixed platform network, and offers fault-tolerant, high-performance and high-availability storage service. Thus, it is suitable for many applications such as video, game, multimedia, data storage and sharing in SOHO and home networking environments.

SPECIFICATION

Product	1-Bay SATA NAS Server
Model	NAS-7103
Hardware Specification	
Supported HDD	One 3.5" SATA I/II interface
LAN Connector	One RJ-45 Interface (10/100/1000Mbps)
USB Connector	1 x USB 2.0 Compatible (Type A)
USB Connectivity	External Storage(Type A)
Transport Protocol	TCP/IP, NTP, SMTP, DDNS
File Protocols	WebDAV, SMB/CIFS, FTP, NFS, AFP (Apple Talk) / Time Machine, SSH
Multimedia Server	iTunes / DLNA / UPnP AV Server
Client OS	Windows 7 / Vista / XP, Mac OS 10.5 and later
System Configuration	Windows / Mac Based utility, Web Browser
Operating	Temperature: 5 ~ 40 Degree C Humidity: 5 ~ 90% (non-condensing)
Storage	Temperature: 0 ~ 60 Degree C Humidity: 5 ~ 90% (non-condensing)
Dimension (W x D x H)	201 x 116 x 37 mm
Weight	492g (without HD)
Power Adapter	12V / 2A
Regulatory	FCC, CE
